

For the Earth. For You.

3601 VICTORIA FALLS | FIRM 10" | LATEX MATTRESS

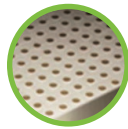

CERTIFIED ORGANIC COTTON

Organic Cotton fabric offers a natural and silky texture that provides breathability throughout the top of the mattress.

The **GOTS certification** signifies that the product is fair-trade, ensuring that it was produced under safe, healthy and equitable conditions.

Additionally, GOTS-certified organic cotton provides breathability for a more natural and healthy sleep, with a cool and luxurious feel throughout the night.

ORGANIC LATEX CORE

Global Organic Latex Standards (GOLS)

establishes a clear path and procedure on the route from field or farmer level to the certified organic latex product manufacturer with mandatory social and environmental regulations.

Carbon Neutral certification ensures carbon emissions caused by the manufacturing of the latex have been balanced out by funding an equivalent amount of carbon savings elsewhere in the process.

Organic Dunlop Latex provides resilient support and comfort for a deeper sleep and pressure relief. Surface ventilated for maximum breathability and temperature regulation as well as being naturally mold and mildew resistant due to latex being naturally anti-microbial and anti-bacterial.

WHY BUY A NOVOPURE MATTRESS?

15 YR. WARRANTY (15-10)
